Inspection

Type: ROUTINE INSPECTION

Date: FEB-21-2007

2.50 (a)(1)

TIME AND METHOD OF IDENTIFICATION.

(a) A class "A" dealer (breeder) shall identify all live dogs and cats on the premises as follows:

(1) All live dogs and cats held on the premises, purchased, or otherwise acquired, sold or otherwise disposed of, or removed from the premises for delivery to a research facility or exhibitor or to another dealer, or for sale, through an auction sale or to any person for use as a pet, shall be identified by an official tag of the type described in Sec. 2.51 affixed to the animal's neck by means of a collar made of material generally considered acceptable to pet owners as a means of identifying their pet dogs or cats (2), or shall be identified by a distinctive and legible tattoo marking acceptable to and approved by the Administrator.

***At the time of the inspection several animals at the facility were not properly identified. One enclosure contained four dogs, three Chihuahuas and a Boston terrier. The dogs were not properly identified, no collars or other means of identification, the owner stated that the dogs were young and they just decided to keep the dogs. All animals at the facility must be identified. This affects four animals. To be corrected by 03-01-07.

3.2 (d)

INDOOR HOUSING FACILITIES.

(d) Interior surfaces. The floors and walls of indoor housing facilities, and any other surfaces in contact with the animals, must be impervious to moisture. The ceilings of indoor housing facilities must be impervious to moisture or be replaceable (e.g., a suspended ceiling with replaceable panels).

At the time of the inspection, the new whelping building floor was not sealed or impervious to moisture. The owner stated that new vinyl flooring would be installed in the next week. All surfaces in the building must be impervious to moisture and they must readily cleaned and sanitized to protect the health and well being of the animals. This affects five animals to be corrected by 02-28-07.

Inspection conducted by R. Whiteley, ACI and the owner.
